Introducing the most advanced and versatile mouthpiece cap from Silverstein Works.

The cap fits to all types of mouthpieces and ligatures with minimal design that does:

- Small enough to fit in a narrow case
- Works with or without a reed affixed
- Works for all types of ligatures including the Prelude from Silverstein
- Secures and protects delicate mouthpiece tip and reed
- Protects mouthpiece rail
- Noise free when dropped
- Preserves reed moisture
- Easily washable

- Size Reference
 - Small - Soprano Saxophone
 - Medium - Bb & Eb Clarinet, Alto & Tenor Saxophone
 - Large - Bass Clarinet, Baritone Saxophone
- Fits for Clarinet and Saxophone with or without a ligature and a reed affixed .
